

Raosaheb Wangde Master Charitable Trust's

# **DNYANSHREE**

**INSTITUTE OF ENGINEERING AND TECHNOLOGY**

**Name of the Quality Circle / Cell:** Training & Placement Cell

**Reporting Period:** August 03, 2024 to July 2025

**Prepared by:** Asst. Prof. Balasaheb S. Nale

## **Introduction:**

The Training and Placement Cell of Dnyanshree Institute, Satara, is dedicated to establishing a strong connection between the corporate sector and the Institute. The Cell actively engages with potential recruiters to understand their expectations regarding knowledge and skill sets, enabling us to groom our students accordingly. Training & Placement Cell collaborates closely with the student placement committee, which includes coordinators selected from different departments. The institute's robust infrastructure facilitates every stage of the placement process, including registrations, pre-placement talks, written tests, and interviews.

Currently in its 9th Placement Season, Dnyanshree Institute, Satara, continues to set new benchmarks each year. Our students have successfully secured opportunities across various sectors and diverse job profiles.

We have provided excellent job offers from top companies like Godrej Properties, KPoint, RTCamp, Data Axle, Zenpulse, Vision Waves, Goldman Sachs, Cvent, NSEIT, Zensar, Polyrub, Faurecia, Piaggio, Perennial Systems, Simplotel, Neilsoft, Supreme, Kinlong, Engie, Bridgestone, Man Truck, Panasonic, Colpet, Walmart, RPK India Pvt. Ltd, TM Automotive, Stanley, ASC International, Indovance, Meesho, TUV Rheinland, Fukoku, Suryalogix, Multi Wing, Nimap Intotech, Bluechip Infocorp, Assa Abloy, Mechite Engineering, Aura Laserfab & many more...

## **SWOC Analysis**

### **Strength:**

1. Growing placement numbers in multinational companies.
2. Emphasis on aptitude, technical, and soft skill development.
3. Presence of highly skilled and experienced trainers.
4. A strong ethical culture that promotes openness, sharing, and confidence-building.
5. Departmental Training & Placement Coordinator.

### **Weaknesses: -**

1. Communication skills among students require significant improvement.
2. Gaps in student attitude and professional attributes.
3. Limited perspective or narrow academic/career focus.
4. Low participation in voluntary and extracurricular activities.
5. Lack of Bonding with stakeholders

### **Opportunities:**

1. Active English Club can enhance students' language proficiency.
2. Better identification and nurturing of student skills and proficiencies.
3. Energetic volunteer committees are ready to plan and execute events.
4. Scope to organize skill-enhancement and training programs.
5. Participation of stakeholders in all activities

### **Challenges:**

1. Absence of a strong interdisciplinary learning approach.
2. Underdeveloped research and innovation culture.
3. Decline in the number of highly qualified applicants.
4. Unchecked student behavior.
5. Publicity in areas of excellence, values & quality

### **Goals:**

1. To strengthen and expand industry liaison through placements, trainings, internships, and collaborative initiatives.
2. To provide personality development training that prepares students to face the challenges of today's competitive environment.
3. To enhance students' technical competencies to ensure global employability and industry readiness.
4. To identify final year students' career interests at the institute.

### **Objectives:**

1. To organize training programs, workshops, and sessions aimed at holistic student development.
2. To establish and maintain consistent communication with recruiters, including a structured feedback mechanism.
3. To create awareness among students about the complete placement process and employer expectations.
4. To convey employability & higher education opportunities for engineering graduates.

### Strategic Plan:

Strategies	Actions
1. Collect comprehensive student information (academic records, co-curricular achievements, social engagement, parent, details, additional skills, NGO participation, etc.)	Maintain student progress charts, conduct personal interviews, analyze collected data, and submit reports to the IIPC for further strategic planning..
2. Build and nurture strong relationships with alumni, industry experts, and recruiters	Organize HR-TPO/Institute Summits, alumni interaction sessions, and industry engagement events to gain insights, mentorship, and placement opportunities.
3. Facilitate personality development through structured training programs.	Conduct career counselling, aptitude training, resume-building workshops, interview skills sessions, and mock interviews to enhance student readiness.
4. Promote participation in co-curricular and industry-relevant activities	Encourage internships, virtual training programs, guest lectures, workshops, and seminars with industry professionals to bridge the academia-industry gap..
5. Implement a data tracking system to monitor student progress, placement trends, and feedback from recruiters	Analyze data to identify patterns and areas for improvement, allowing for continuous refinement of the placement process.
6. Encourage an open feedback loop from students, alumni, faculty, and recruiters to ensure ongoing improvement.	Gather regular input from students, alumni, faculty, and recruiters; assess the strategic plan's effectiveness and adjust based on evolving industry needs. Track key metrics like placement percentage, average salary, recruiter diversity, and student satisfaction.

## **Performance Indicators**

1. Number of students benefited from the Training & Workshops
2. Core Placements
3. IT placements
4. Package (Highest, Average, Lowest)
5. Companies' retention for the Recruitment Drive.
6. Placements Against Enrollment in the Final Year

Satisfaction Survey (Alumni, Parents, Employer, Department)

## Training & Placement Cell

### Activities Conducted in Academic Year 2024-25

1	Five Days Student Development Program on Pathways to Placement	30 hrs.	All programs B. Tech	07th October 2024 to 11th October 2024	1.Mr. Kalyan Kumar 2.Mr. Laxmikant Shinde	177
2	Five Days Student Development Program on Pathways to Placement	30 hrs.	CE & ME programs T.Y	07th October 2024 to 11th October 2024	1.Mr. Kalyan Kumar 2.Mr.Laxmikant Shinde	32
3	Placement Awareness Program	02 hrs.	All programs B. Tech	17th October 2024	Hon.Dhanwantari Wangde	160
4	Five Days Student Development Program on Pathways to Placement	30 hrs.	All programs B. Tech	24th February 2025 to 01st March 2024	1.Mr. Soloman Sane 2. Mr. Vishal Shinde	111
5	Five Days workshop on soft skills	30 hrs.	All programs F.Y	24th February 2025 to 01st March 2024	Mr.Gini George CEO & Founder of Shashwatgyan, Pune	206
6	Five Days Student Development Program on Pathways to Placement	30 hrs	All programs T.Y	13th May 2025 to 17th May 2025	1.Mr.Suresh Nair 2.Vishal Shinde	198

## **Challenges and Solutions:**

The Training & Placement (T&P) cell faces several challenges in ensuring students' successful transition from academia to the professional world. Here are some common challenges along with potential solutions:

### **1. Limited Industry Connections:**

**Challenge:** Difficulty in establishing and sustaining relationships with a broad range of industries.

**Solution:** Conduct regular industry interaction events, guest lectures, and collaborate with alumni and industry associations to expand outreach and opportunities.

### **Matching Skillsets with Industry Requirements:**

**Challenge:** Students often lack required technical or soft skills, leading to job qualification gaps.

**Solution:** Implement structured training programs and workshops co-designed with industry experts; incorporate real-world projects and case studies.

### **2. Ensuring Equal Opportunities for All Students:**

**Challenge:** Students from rural or underprivileged backgrounds may have limited access to opportunities.

**Solution:** Launch inclusive initiatives such as mentorship schemes and personalized counselling to support all student demographics.

### **3. Managing Large Volumes of Student Data:**

**Challenge:** Difficulty in organizing and analyzing resumes, skill profiles, and placement records efficiently.

**Solution:** Utilize Student Information Systems (SIS) or Applicant Tracking Systems (ATS) to automate data management and placement tracking.

### **Adapting to Changing Industry Trends:**

**Challenge:** Keeping pace with rapidly evolving industry expectations and technologies.

Solution: Conduct regular industry research and training updates; maintain adaptability in T&P strategy and curriculum alignment.

#### **4. Ensuring Post-Placement Support:**

Challenge: Lack of guidance for student's post-placement to help them succeed in professional roles.

Solution: Provide continued alumni engagement, upskilling programs, and feedback mechanisms from industry to support professional growth.

### **Recommendations**

Establishing an effective Training & Placement Cell (TPC) is crucial for ensuring students' successful transition from academia to the professional world. Here are some recommendations to enhance the efficiency and effectiveness of your TPC:

**Industry Collaboration:** Foster strong partnerships with diverse industries through active participation in networking events, seminars, and workshops. Understanding industry requirements will help align academic training with real-world expectations, ultimately improving internship and placement opportunities.

**Skill Development Programs:** Conduct targeted workshops and training programs that focus on both technical skills and soft skills such as communication, problem-solving, leadership, and teamwork, thereby enhancing overall student employability

**Internship Opportunities:** Facilitate structured internship placements during students' academic tenure. Collaborate with industry partners to ensure internships align with the students' academic curriculum and career aspirations, providing hands-on experience and increasing the chances of pre-placement offers.

**Career Counselling:** Offer individualized career guidance and mentoring sessions. Conduct mock interviews, resume writing workshops, aptitude assessments, and career planning activities to assist students in making informed career choices.

**Placement Assistance:** Design a well-organized placement process including campus recruitment drives, job fairs, and employer-student meetups. Provide hands-on support with resume building, interview readiness, and job search strategies.

**Alumni Engagement:** Leverage the alumni network for mentoring, career guidance, and referrals. Organize webinars, panel discussions, and networking meets to foster strong connections between current students and successful alumni professionals.

**Industry-Relevant Training:** Periodically review and revise training content to match current industry demands. Introduce certification programs and invite industry experts to conduct sessions on emerging technologies and trends.

**Feedback Mechanism:** Implement structured feedback systems to evaluate the effectiveness of T&P activities. Collect feedback from students, employers, and faculty to continuously refine strategies and bridge any identified gaps.

**Online Presence:** Develop and maintain an updated online presence through the T&P portal, social media platforms, and job boards. Publish regular updates about recruitment activities, training programs, job postings, and placement reports.

**Track Record:** Keep detailed records of placement statistics including the number of students placed, salary trends, and sector-wise performance. A well-documented success rate improves credibility and helps in attracting more recruiters.

### **Conclusion:**

The Training & Placement Cell has been instrumental in enabling a smooth transition for students from academic life to professional careers. Through a holistic approach involving skill development, career counselling, and strategic industry engagement, the TPC has significantly enhanced students' job readiness.

The feedback from both students and employers reflects a strong appreciation for the Cell's initiatives. The structured training programs have been successful in equipping students with essential competencies, and alumni engagement continues to inspire and guide current batches. Moving forward, the TPC remains committed to innovating its approach and aligning with dynamic industry needs to maximize placement outcomes.
